

Our Manifesto

We are making a difference in local communities through impact investments, forward thinking vision and tangible action. It is our WHY.

TAKING ACTION TODAY

When it comes to guiding investment decisions, REVocity doesn't wait until tomorrow. We are big believers in being change makers in communities today.

WE CREATE VALUE

Impact Investing isn't just a buzz word for us, it fuels our passion and brings us joy to see local communities grow and thrive.

GOING BEYOND THE TRANSACTION

REVocity partners, engages and invests to optimize varied real estate projects utilizing local resources to foster vitality in those same local communities.

WE SEE WHAT COULD BE

Our creative and problem-solving nature nurtures "think broad" and "why not" philosophies. When others do not see a purpose, REVocity sees the potential.

INTENTIONAL IMPACT IS OUR FOCUS

Our funding and investments are made with the focus of generating positive, measurable community changes that enhance the economic environment.

WE ARE GROUNDED IN COLLABORATION AND POSSIBILITY

Not every solution is obvious and not every property's potential is apparent at first glance. We find it most rewarding when we accomplish these things together.

OUR PROCESS IS THOROUGH AND RUNS DEEP

REVocity's value creation process emphasizes the mechanics of indicators so that the communities where we invest don't only grow but thrive for generations to come.

WE KNOW HOW TO NAVIGATE RISK WITH RETURNS

Effecting community impact is a sustained process of action and reflection.
