

Chris Kennelly

Chief Investment Officer and General Partner, REVocity

612.220.2826 | chris@northfieldconstruction.com | 

Chris Kennelly is an experienced real estate veteran with focus on relationships and performance. His track record in leading successful real estate projects is founded in establishing win-win relationships and executing the plans through completion.

As a 20-year veteran of the industry, Chris has led successful real estate development and investment projects totaling over \$200 million. He served in leadership roles with Welsh Companies, The Excelsior Group, and The Lander Group, but his entrepreneurial spirit eventually pulled him into starting his own real estate companies. Today, he leads Bluewater Properties/G&H Management, Northfield Construction Company, and Rebound Real Estate in their ventures.

Chris holds a BA in Economics from Kalamazoo College and an MBA in Real Estate Development and Finance from Leeds School of Business at the University of Colorado-Boulder.

He is a strong believer in the power of community. As an active volunteer, he has served in leadership roles on the boards of YMCA Northfield, Laura Baker Services, Three Links Care Center, Northfield Hockey Association, The Urban Land Institute of Minnesota, and Northfield Rotary. He believes that all boats rise when we invest our time and support to help fill the needs of our community.
